EuroSciCon team is glad to announce "23rd Edition of International Conference on Antioxidants and Technology" which is scheduled to be held during November 22-23, 2021, Barcelona, Spain and the event is enlightened with the theme "To foster cutting-edge research for the enlargement of sustainable technologies". Supported through the organizing committee network of renowned scientific and professional experts, it provided a platform for collaboration among colleagues, vendors and academia to reveal new innovations, solutions, ideas and emerging technologies.

We gladly welcome attendees all around the world for the hearing of the leading recent innovations and inventions in the field of Antioxidants like Antioxidants In Industries, Lycopene, Oxidants, Beta Carotene, Catechins, Anthocyanins, Green Organic Chemistry, Polymers & Green Materials, Green Separations, Oxidative damage, Green Sustainable Agriculture, Polyphenols. This Conference will give a discussion to trade of thoughts and legitimate perspectives by driving researchers, exchange of ideas from the academicians of the best establishments from around the world. Settled keynote speakers and surely understood driving researchers and specialists from around the world will be relied upon to share their mindfulness and discussion about different angles identified with different bleeding edges.

Conference brings together the experts from all the aspects to meet and discuss the future and current status to thrive and endure with a better result. The participants can exchange and share their research results covering the scientific aspect. The event will unite Directors, Director of Laboratories, Universities, Industries, Delegates, Investigation experts, Investigators, Post-Doctoral Fellows, Research and Analytical Laboratories, Students, Research

We are inviting you for the Young Research Forum, include the following Benefits:

1. Opportunity to attend one conference per year with good discounts on registration fees
2. Opportunity to publish your manuscripts with discounts
3. International Certificate for Young Research Forum
4. Will be featured on our conference website as a Young Research Forum
5. All accepted abstracts will be published in Respective Journals
6. Abstracts will receive a DOI number provided by Cross Ref

Share the ideas with both eminent researchers and mentors.

It's a great privilege for young researchers to learn about the research areas for expanding their research knowledge.

The Young Research Forum honor is acknowledgment for Masters/PhD/Post Doctorate proposal introduction who will exhibit their activities and theory that have been actualized to improve long term prominence in the field of Antioxidants. You can nominate having the right to the award. The grant will be exhibited to up and coming analysts and researchers in the field of Antioxidants with at least 10 years of experience. The honor is named as The Upcoming Researcher Award. The scientists with another and changing query towards explore are supported. The scientists must to carry new advancements and developments to their work as per the new patterns in their field. You can assign anybody you feel having the right to the honor.

Regards

Ethan Mathews | Program Manager
